

## SENIOR SOFTWARE ENGINEER

TechCorp Inc.

Full-time | San Francisco, CA | Technology Industry

### ABOUT TECHCORP INC.

TechCorp Inc. is a leading technology company specializing in cloud-based solutions and enterprise software. We are committed to innovation and excellence, serving clients across various industries worldwide.

### JOB DESCRIPTION

We are seeking a highly skilled Senior Software Engineer to join our dynamic development team. The ideal candidate will have a strong background in full-stack development, cloud technologies, and a passion for building scalable applications.

### YEARS OF EXPERIENCE REQUIRED

5+ years of professional software development experience

### KEY RESPONSIBILITIES

- Design, develop, and maintain scalable web applications using modern frameworks
- Collaborate with cross-functional teams to define and implement new features
- Write clean, maintainable, and well-documented code
- Participate in code reviews and provide constructive feedback to team members
- Optimize application performance and ensure high availability
- Mentor junior developers and contribute to team knowledge sharing
- Implement and maintain CI/CD pipelines

### REQUIRED QUALIFICATIONS AND SKILLS

- Bachelor's degree in Computer Science or related field
- 5+ years of experience in software development
- Strong proficiency in Python and at least one other programming language (Java, JavaScript, Go)
- Experience with FastAPI, Django, or Flask frameworks
- Solid understanding of RESTful API design and microservices architecture
- Proficiency with SQL and NoSQL databases (PostgreSQL, MongoDB)
- Experience with cloud platforms (AWS, Google Cloud, or Azure)
- Strong knowledge of version control systems (Git)
- Excellent problem-solving and analytical skills
- Strong communication and collaboration abilities

### MUST-HAVE SKILLS

- Python
- FastAPI or similar web frameworks

- RESTful API development
- AWS or Google Cloud Platform
- Docker and containerization
- Git version control
- PostgreSQL or similar databases
- Agile/Scrum methodologies

#### PREFERRED QUALIFICATIONS

- Experience with React or Vue.js for frontend development
- Knowledge of Kubernetes and container orchestration
- Experience with machine learning or AI integration
- Familiarity with CI/CD tools (Jenkins, GitHub Actions)
- Previous experience in a senior or lead role
- Open source contributions

#### WHAT WE OFFER

- Competitive salary and equity options
- Comprehensive health, dental, and vision insurance
- Flexible work arrangements and remote work options
- Professional development opportunities
- Collaborative and innovative work environment
- Modern office with state-of-the-art equipment

#### TO APPLY

Please submit your resume and cover letter through our application portal. We look forward to hearing from you!

TechCorp Inc. is an equal opportunity employer committed to building a diverse and inclusive team.
